

# Do you want to help FURS? We have exciting new volunteer opportunities!

Join us for a brainstorming gathering for Ferrets Unlimited Rescue Services!

So far, 2016 has been a big year for FURS, and it isn't over yet. Not only did we have quite a few planned surrenders, there were also many emergency surrenders and eight "stray" ferrets who found their way to FURS. We provide high quality food and the best veterinary care available, in addition to daily care and attention. Many of the ferrets we take in have been neglected or abused, have adrenal disease, or any of the many other ailments of ferrets. We meet every one of their needs. This means our bills add up fast! FURS depends on donations, fundraisers, and most importantly, volunteers to help us continue our efforts to save these wonderful little creatures in need! Shelter ferrets live in foster homes, are loved and cared for as part of the family, and never warehoused. There are many ways you can help, some without even leaving your own home.

We are looking for a few good people to help expand our network and fundraising abilities. If you have an idea, want to know more about FURS and what we do, or want to get more involved, please join us. Stop by

to visit, talk to us about ferrets and volunteering, and have some refreshments. We hope to see you then.

**Ferrets Unlimited Call for Volunteers  
January 22 from 2:00 to 4:00  
Parma Snow Public Library  
2121 Snow Road in Parma**
